

SSBS PVT LTD

Category Name : Filter Housings

Product Name : High Flow Tubular type filter housing

Product Picture :

About the Company : “Sri Sai Business Services“ enjoys the leading status and reputation of supplying Quality water filtration products, STP products, FRP/GRP and Thermoplastics Lined & Composites products in India. Sri Sai Business Services has wide experience and its pioneering efforts in manufacturing process of the composite products. Sri Sai Business Services has had the pleasure of satisfying the needs of the industry with the complete range of composites viz.FRP, GRP, FRP-HT (High Temperature) and Thermoplastics like PP, PPH, PVC, CPVC, PVDF, ECTFE, FEP and PFA Lined FRP Equipment and Piping Systems.

SRI SAI BUSSINES SERVICES has wide experience of understanding and delivering the products as per requirements of Heavy Chemicals, Pharmaceutical, Petro-Chemicals, Refineries, Fertilizers, Agro-chemicals, Bulk Drugs, Power Generation, Steel, Paper and Pulp, Chlor- Alkalies-Caustic, Viscose Fibre Industries and many more.

Technical Specification :

SSBS Sprint Brand High Flow Tubular type filter housing systems having Length of Filter Cartridge:

- 20”, 40” & 60”

SSBS Sprint Brand High Flow Tubular type filter housing systems having Type of Filter Media –

- Polypropylene pleated & Glass-fibre pleated

SSBS Sprint Brand High Flow Tubular type filter housing systems having Filtration Rating

- 1, 4.5, 6 & 10

<p><u>QUALITY APPROACH:</u> We at “SSBS SPRINT” (SSBS) are committed to meet our customers’ requirements for their entire satisfaction. To achieve our goal we shall continuously improve our work performance, train our persons, & improve our Quality Management System. Since SSBS is an industry wherein moulder prepares raw material as well as finished products, quality testing is very stringent since it affects the final products. “SSBS” has carry out testing of raw materials, stage wise inspection and on finished products to ensure the quality product</p>	
<p>Brief About the Product: SSBS Sprint Brand High Flow Tubular type filter housing systems, a boon for water treatment plants / processes, are high-performance and cost-efficient filters for industries that are engaged in liquid filtration processes especially on a very large scale. SSBS Sprint Brand High Flow Tubular type filter housing are widely used in various industries for pre as well as final filtration processes with massive flow rates. High flow cartridge filters solve two of the biggest issues industries face – space constraint and cost constraint. SSBS Sprint Brand High Flow Tubular type filter housing are not only compact and size ably save up on space, but they are highly cost-effective and convenient to handle. For instance, 200 m³/hr filtration capacity can be possible in only 2 m² foot print area – which is nothing less than revolutionary for large scale industries. Unlike other heavy-capacity filters, these filters do not need machinery like cranes for maintenance activities. Moreover, the number of filter housings can be increased or decreased so as to perfectly suit the requirements of flow rate, filtration area and availability of space of end-users.</p>	<p>Sizes Available:</p> <ul style="list-style-type: none"> • SSBS Sprint Brand High Flow Tubular type filter housing systems is available for Length of Filter Cartridge – 20”, 40” & 60”
<p>Material Composition : They are made of following material such as -</p> <ul style="list-style-type: none"> • FRP – Fibre Reinforced Plastic • ASTM A 516 GR 60, 65 & 70/ ASTM A 106 Gr B 	<p>Application : SSBS Sprint Brand High Flow Tubular type filter housing systems widely used in</p> <ul style="list-style-type: none"> • Pre-treatment • Seawater desalination • Hot water recovery in power generation

<ul style="list-style-type: none"> • ASTM A 240 GR 304, 304L, 316, 316L / ASTM A 312 GR 304, 304L, 316, 316L 	<ul style="list-style-type: none"> • Bottled water filtration • Paints and coatings • Microelectronics, film, fibre and resin • RO Pre-filtration • Condensate water filtration • API, solvents, and water filtration in bio-pharma market • High fructose, edible oil, soft drinks and milk • Petrochemical • Refineries <p>They are 100% strict quality control, durable, factory price.</p>
